What we deliver

per active client

- 40 patient questions measured across 4 AI engines, every week
- Up to 4 content pages built and published per month
- Structured data deployed and monitored
- Directory and citation errors found and corrected
- A monthly report in your brand
- Every captured answer kept, so you can show the client exactly what AI said

White label

The reports, pages and correspondence carry your brand. We do not contact your client directly and we do not mention ourselves unless you ask us to.

Fees and payment

$3,500 per client per month, billed in advance on the first business day. Payment is due within 15 days of invoice; late balances accrue 1.5% a month. Volume pricing applies from 10 active clients.

Term and termination

A 3-month initial term, then month to month with 30 days written notice from either side. We may terminate for non-payment after 15 days notice and a 7-day cure. On termination, final invoices fall due and you keep every deliverable produced during the term.

How this starts

1. You activate a client seat. 2. We invoice $3,500 on the first business day. 3. Measurement starts the day the client is activated.

AT A GLANCE

Price	$3,500 per client per month
Notice	30 days, either side
You keep	Every deliverable, after the term ends
Liability cap	Three months of fees

Client ownership

Your clients own their pages, schema and data, and you may keep using the deliverables after the agreement ends. You may not resell our reporting or measurement as a standalone product without a written agreement.

Your responsibilities

You give us accurate information about your clients, get any client approval we need before we publish, and pay invoices on time. You are the contracting party with the client and you own that relationship.

Confidentiality

Each of us keeps the other's client information confidential and uses it only to perform this agreement. This survives termination by three years. We do not publish client names, logos or results without written permission.

No guarantee

We do not guarantee that any AI engine will name, recommend or rank any client, or that any result will be achieved. We commit to the measurable deliverables above and to honest reporting of what moved and what did not.

Liability

Each party's total liability is limited to the fees paid or payable in the three months before the claim. Neither party is liable for indirect or consequential loss, including lost revenue or lost clients. Nothing here limits liability that cannot lawfully be limited.

Acceptance

This agreement takes effect when you activate your first client seat and pay the first invoice. You can download it at any time from https://drsmiles.ai/agreement.html.
